DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The amendment document filed on 21 August 2007 is considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121. In order for the amendment document to be compliant, correction of the following item(s) is required. Each claim has not been provided with the proper markings. All claims being currently amended in an amendment paper shall be submitted with markings to indicate the changes that have been made relative to the immediate prior version of the claims. Added subject matter must be shown by underlining the added subject matter. Claim 29 has added subject matter, specifically the structure of formula (S)-IV that does not include the required markings to show addition of subject matter. For further explanation of the amendment format required by 37 CFR 1.121, see MPEP 714. Applicant is given one month, or thirty days, whichever is longer, from the mail date of this notice to supply the correction. The correction required is only the corrected section of the non-compliant amendment in compliance with 37 CFR 1.121, i.e. in the instant case a complete claim set with claim 29 corrected. Extensions of time are available under 37 CFR 1.136(a). Failure to timely respond to this notice will result in abandonment of the application.
